Regional Director
Department of Education, Region 3

Mam:

Gantimpala Theater Foundation is now on its 41st Theater Season in producing productions that aspire to enlighten the student with curriculum based plays that inspire, excite the intellect and enlighten the young audiences.

This year, as part of our annual outreach program we invite you and your students to join us, as we celebrate our 41st theatre season so that you may experience with us the magic of Philippine theater. With our line-up of excellent productions, will be amazed by the songs, dances, costumes and rituals. Students will learn from the trials and triumphs of heroes, and admire the goodness and tenacity of the human spirit, and proud of everything that is Filipino. This year we are staging the folktale;

1. IBONG ADARNA

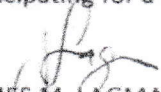

The Filipino folktale narrates the tale of three brothers Don Diego, Pedro and Juan, sent by their mother Reyna Valeriana, to catch the mythical bird whose magical song serves as the only cure to the Haring Fernando's mysterious ailment. Grade schoolers and high school freshmen will be enchanted with this timeless story that highlights the triumph of good and paternal love over greed and self-serving actions.

2. PEPE en PILAR

A musical play for children and adults based on popular prewar primer features adults playing as children and popular animal characters as Bantay, the native dog; Catalina the alley-cat and pooh-pooh the social poodle. In their garage turned into playground, the neighborhood kids have fun, fight, conspire and fantasize about the world of real men and women. The innocent children have real taste of real world when land developers start planning to turn the area of their garage into a complex. The conflict begins when the children band together in a series of song and dance musical number unfolds one after the other the question arises – will Pepe en Pilar and their friends lose their playground to the complex developers? Written by Joel Lamangan and Directed by Roobak Valle.

With this, respectfully request the assistance of your good office for an advisory so we would be able to invite students from Pampanga, Tarlac, Subic and Olongapo City.

Anticipating for a favorable response.

JAMES M. LAGMAN
Marketing Executive
