LEONARDO D. ZAPANTA, CESO VI  
Schools Division Superintendent  
Division of Pampanga, DEPED

Dear Dr. Zapanta:

The *Teatru Ima Kami Association Inc.* is a group of professional ladies in business who have a passion in arts and culture especially the Capampangan culture. In the past years we have showed 10 stage plays and 1 independent film, the proceeds of which go to charitable institutions such as the Bahay Pagibig, Duyan ni Maria, the abandoned children among others.

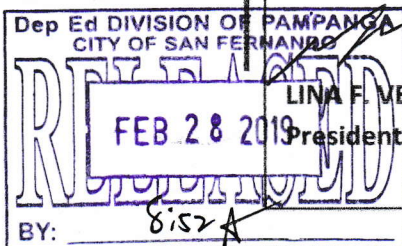

In the event that our government is facing a serious problem on illegal drugs, we opted to help in our little way in this problem using our passion. Of course it is understandable that we cannot run after the culprit with guns (because of our age and beauty). We decided to show a film—*Las Reinas de Bale Matua*, which is an eye opener to all of us. Recent studies show that it is not poverty that cause people indulge in illegal drugs, but, it is lack of love, concern, and unity in the family. The *Las Reinas de Bale Matua* will show the result if the use of illegal drugs will not be solved. At present, we are lucky that there are still some volunteers who take care of the elderly in their homes. But what if these volunteers will be infected in these vices? The olds will be just thrown with no one to take care. In some interviews, the old people there, despite of being taken care of, they still want their families to be with them in their twilight days.

With this we would like your good heart to be with us. Let us join hands and help the young ones, the hope of our future, by giving us the permission to see the film—*Las Reinas de Bale Matua*. It will be shown this **March 2019** at **SM City Pampanga**. **Tickets will be sold at PHP120.00**. With a heart full of love *the Teatru Ima Kami Inc.* is extending joyful thanks for helping us in our advocacy.

Thank you so much!

Respectfully,

LINA F. VELEZ  
President

Dep Ed - Pampanga Advisory No. 21, s. 2019
